August 2014 - Winning Big!

I am excited to announce our first Chapter meeting of the year. Please join us on September 9th at ASHRAE headquarters for our first lunch meeting. We will have Distinguished Lecturer, Hoy Bohanon, joining us for a presentation on ASHRAE BEQ. Go to ashraeatlanta.org to register now!

The Atlanta Chapter Board of Governors went to Charleston, SC the weekend of August 15th for ASHRAE’s Region IV Chapter Regional Conference (CRC). During this conference, we reviewed this past year’s region’s performance and our leaders were trained for the upcoming year. The pinnacle of this meeting was the awards banquet, where the committee chairs and chapter leaders were recognized for their efforts throughout the year. I am proud to say that the Atlanta Chapter WON BIG this year. Under Pam Androff’s leadership, the Atlanta Chapter won the biggest award of the night, the Rudy. The Rudy is equivalent to the Chapter of the year. Congratulations to Pam for winning this very prestigious award. But, this is only one of many awards won by the Atlanta Chapter. The awards that the Atlanta Chapter won include:

Chapter Service award (Charlie Fischer & Charles Miltiades)
Regional Award of Merit (Caroline Calloway)
Emmy Award (Tony Martin)
Ice Man Award (Mark Dahir)
Red Ribbon Award (Pedro Pacheco)
Best Chapter Display (Ed Hunda)
Golden Apple Award (Nick Kassanis)
Lamp of Knowledge (Nick Kassanis)
Buddy Williams Award (Tom Lawrence)
Hi Five Chevron (Kurt Ehlers)
Full Circle Patch (Kurt Ehlers)
Endowment Fund (Kurt Ehlers)
Heck Ya YEA Award (Sara Young)
PAOE Award – Special Citation (Pam Androff)
High Honor Role (Pam Androff)
Star Award (Pam Androff)
Rudy Ferguson (Pam Androff)

As you can see, we really cleaned up. These awards were earned by the hard work of all our volunteers.

I look forward to seeing you on Tuesday, September 9th at our first meeting!

ASHRAE Building Energy Quotient (bEQ)

September Lunch Meeting

Hoy R. Bohanon, Jr., P.E

Hoy Bohanon, PE, LEED AP, BEAP is director of the Energy Programs for WorkingBuildings. WorkingBuildings is a professional services firm whose offerings include building commissioning, sustainability consulting, and laboratory compliance services. Mr. Bohanon began his engineering career as a research and design engineer, and then gained experience as a project engineer, facilities engineer, facilities manager, indoor air quality research engineer, environmental engineer, and business owner. He has a master’s degree in engineering from North Carolina State University, and a bachelor’s degree in mechanical engineering from Georgia Institute of Technology.

Mr. Bohanon has written technical papers and articles on indoor air quality, operations, and maintenance and is a frequent presenter at technical society meetings. He is a recipient of the ASHRAE Distinguished Service Award and is vice-chair of ASHRAE Standard 62.1 committee, Ventilation for Acceptable Indoor Air Quality. He also serves on the bEQ committee, Building Performance Alliance ad-hoc committee, and TC5.5 Air-to-Air Energy Recovery. He is chair of the US Technical Advisory Group panel 1 (general principles) and panel 4 (indoor air quality) for ISO TC205 Building Environment Design. He is a co-author of The Indoor Air Quality Guide: Best Practices for Design, Construction and Commissioning and Performance Metric Protocols for Commercial Buildings: Best Practices Guide. He also teaches multiple courses for the ASHRAE Learning Institute addressing ASHRAE 62.1 and IAQ. Mr. Bohanon is also a member of the Professional Engineers of North Carolina, US Green Building Council, and ASHE.

Session Description
ASHRAE Building Energy Quotient (bEQ)

ASHRAE has implemented a comprehensive building energy labeling program called Building Energy Quotient (bEQ). The objective of this labeling effort is to provide motivation for reducing energy use in commercial buildings by expressing the energy performance of buildings in a tangible way. The underlying belief is that public display and disclosure of the energy efficiency attributes of a building and its energy use intensity (EUI) will lead building owners to strongly consider cost effective energy efficiency improvements at the time of design and construction and in any subsequent renovations. Public display and disclosure of energy efficiency attributes and EUI should be a relevant factor in the real estate transaction marketplace for commercial buildings.

bEQ incorporates both an operational rating, based upon actual energy billing, and an asset rating that normalizes for operational variables. The two rating systems will thus be able to communicate both the performance of the building as operated and the potential performance of the fixed assets of the building.

This session will present the major ideas behind the development of the labeling program and the process for implementation.

#1 How can building energy labels influence the energy efficiency of the overall building stock?
#2 How the new ASHRAE bEQ is different from other labeling systems?
#3 What metrics are most important for conveying the energy efficiency of a building?
#4 What you need to do to get a bEQ label for your building.

Annual ASHRAE Meeting 2015

The ASHRAE Annual Society Meeting will take place June 27th through July 1st here in Atlanta. Hotlanta in June! It will be held at the Hilton on Courtland Street.

The Atlanta Chapter is responsible for hosting this event and we will need lots of volunteers. There are many opportunities to help:

A. Monitors for the Sessions – we will need 150-200 volunteers for the seminars, symposiums, panels, etc. Duties would involve ½ day of checking in attendees by scanning a bar code on the badges. You get free registration for the entire show and can get your PDH points accumulated very quickly

B. We need staff for the Information table which is set up in Registration and operates the same hours. You would hand out brochures for local attractions, give directions to local restaurants and shopping, give lists of local churches and restaurants and be generally helpful to attendees.

C. Staff the ASHRAE Members Lounge. Just sit around and talk to people, let the hotel know when drinks are running low, answer questions, and be helpful.

Please send me an email if you would like to volunteer pam@leppardjohnson.com or Peggy Fritz pjf41@att.net

Targeting Our Focus

My name is Jay Perkins and I will be serving as your 2014-2015 ASHRAE Atlanta Chapter Grassroots Government Activities Committee (GGAC) Chair. Last year the Atlanta GGAC successfully engaged numerous local governing bodies and promoted ASHRAE Atlanta as a credible source of subject matter experts within the local building community. The objective of GGAC is simple: to better coordinate efforts and understanding between ASHRAE grassroots members and local government. In this second year of GGAC we will undertake a more targeted approach, and your input and participation is instrumental.

Please review the list of local offices:

- **Atlanta City Council** – Office of Buildings, Don Rosenthal, Director
- **Georgia Environmental Finance Authority** (Georgia State Energy Office)
  Andrea Schroer, State Energy Program Manager I
- **Georgia Dept. of Community Affairs** - Office of Construction Codes
  Ted Miltiades, Director
- **International Code Council** – Region VIII
  ICC Region VIII (Georgia, North Carolina, South Carolina and Tennessee)
- **American Institute of Architects** – Atlanta Chapter
- **Building Owners & Managers Association** – Georgia Chapter
  Erin Hall, Director of Communications and Advocacy
- **International Facility Managers' Association** – Atlanta Chapter
- **National Society of Professional Engineers** – Atlanta Chapter
  Georgia Society of Professional Engineers
- **Atlanta School Board**
  Dr. Howard W. Grant, Atlanta Board of Education

What top three do you feel are most important? Are you a member of any of the above-mentioned? Is there another office/agency not listed that needs our attention? Your feedback will guide my efforts to where we need it most. Please contact me with the contact information provided below. It is my pleasure to serve the Atlanta Chapter and I look forward to working with each of you.

Regards,

Jay Perkins, JD

The 2013-2014 ASHRAE year was a successful one for Atlanta Chapter Student Activities. A team from UGA entered the Student Design Competition after a student member attended the Winter Conference in New York. Their branch advisor, Tom Lawrence was nominated for Student Branch Advisor of the year. And of course, a Georgia Tech student was awarded a $10,000 Reuben Trane scholarship from ASHRAE! We begin the 2014-2015 year with great momentum and a strong Presidential theme from Society: “People, Passion and Performance.”

The goal of your Chapter Student Activities committee this year is to communicate that theme to our students. ASHRAE Members are passionate about the work they do and about improving the performance of not only the built environment, but also our organization. By reaching out to K-12 students and dedicating time and resources to our local colleges & universities, we hope to inspire students to seek careers in our diverse industry and participate in ASHRAE.

If you would like to volunteer time to work with K-12 students, participate in the Atlanta Science Festival, mentor engineering students, or help establish student chapters at local technical colleges, please let me know. Details about specific volunteer opportunities will be included in this newsletter throughout the year, so stay tuned!

How to Join ASHRAE

Go to http://www.ashraeatlanta.org/ to start the process, click "Membership" on the horizontal menu bar. On the pull down menu, click "Join". Enter your email address in the box "Verify your E-mail status". A prospective member will then be directed to enter his or her email information. As a new member, your address will not be recognized, and you will be invited to "Register Now". After you complete registration, you will be directed to the Individual Information page where you can finally select "Join ASHRAE"!
Again this year, our use of the Internet to further embrace our goal of Modeling a Sustainable World will be continued. Please use the web sites listed below:

1. RSVP and prepay for each event through the Atlanta ASHRAE [http://www.ashraeatlanta.org/](http://www.ashraeatlanta.org/). For events where meals are served, you must at least RSVP to ensure that there will be a meal for you. We encourage you to prepay, as this will speed your way through the check-in process.
2. Pay your Chapter dues of $40 per year directly to the chapter: [http://www.ashraeatlanta.org/Membership](http://www.ashraeatlanta.org/Membership). These dues are in addition to your Society dues and help fund the Chapter's programs and outreach.
3. Donate to ASHRAE Research Promotion. We have a fundraising goal of $44,000 this year, so please do what you can to help fund ASHRAE research. Donate here: [http://www.ashraeatlanta.org/Default.aspx?pageId=748082](http://www.ashraeatlanta.org/Default.aspx?pageId=748082)
5. Access the Product Directory online at the Atlanta ASHRAE website. Please note that this feature is in the process of being updated.

History Notes

August 2014

Please watch the ASHRAE Atlanta Chapter's most recent Leadership Recall Interview with Pat McCabe. You may view the video on the Atlanta Chapter's website by clicking the link below or using the following navigation:

> About Us > History > Leadership Recall Interviews
http://www.ashraeatlanta.org/LeadershipRecall

I attended the Historian's Workshop at the annual CRC convention in Charleston. This was a very exciting year for our chapter. We won the Rudy Award, which is presented to the Chapter as a whole. Great job by our newest past president, Pamela Androff, who led the chapter to this achievement. To sweeten the pot, we won the Best History Display. This would not have been possible without our current president Brian Justice, who brought the display to the conference and set it up. He chose the right location and obviously set it up just right. Thanks Brian for a great job. Besides these two awards, many of our chapter members won awards as well. Details will be provided.
