January 2015: New Year – New Events!

It’s a new year and there is a lot going on in the Atlanta Chapter of ASHRAE. First we have the 2015 E-Week Awards Gala coming up on February 28th. This is a great event and I hope you can make it. Other events to be on the lookout for include our next refrigeration tour being held at one of our local breweries, our spring golf outing, the Life Members and Past President’s lunch, and several YEA activities. These are all great events that are fun and where you are able to network with other members. These are also great opportunities for you to get involved. If you are interested in going deeper with your membership activities, please contact me and I will gladly connect you with the group that best fits your interests.

Coming up on March 25th is the Atlanta ASHRAE Chapter Product Trade Show at the North Atlanta Trade Center. Not only will there be the latest products and information for our industry, we will also have technical sessions where you can earn PDH’s. The admission is free to all, so please plan to attend. If you are interested in having a booth at the product show, please go to our website for more information. Spaces are going fast, so do not delay!

Our next meeting will be at the ASHRAE headquarters on February 10th. This will be a lunch meeting and I hope to see you there.

LEEDv4 - What’s in it for Engineers?

February Lunch Meeting

John McFarland, PE, CCP, CEM, LEED AP BD+C

John is the VP of Operations and one of three WorkingBuildings Principals. John is committed to promoting sustainability in projects. He has acted as LEED Consultant, and as Sustainability Programmer, and has actively commissioned projects since 1998. He has commissioned educational facilities, office buildings, state-of-the-art data centers, cancer research facilities, biological research facilities, and other high-performance and containment research facilities. He has worked as the owner’s agent from the design phase through construction and start-up and works effectively with both engineers and contractors, having come from a design/build background.

He has been actively involved in the LEED rating systems since 2001 when he served as the LEED consultant and commissioning authority on The Southern Pines Conference Center project that earned a certified rating. Since then he has acted as the LEED consultant on numerous projects in every LEED rating system except LEED for Homes.

John served as the president of the Atlanta Chapter of ASHRAE for 2010. He served on the LEED for New Construction Core Committee and as Vice-Chair of the Indoor Environmental Quality Technical Advisory Group. Additionally, John served for over 15 years, ultimately as Vice Chair, on the ASHRAE SSPC 62.1 Committee, charged with maintaining ASHRAE Standard 62.1 IAQ and currently serves as a consultant.

Awards

- ASHRAE Distinguished Service Award, 2008
- President’s Quality Award – Gold Level, Sandia National Laboratories, 2005
- Young Engineer of the Year for the Atlanta Chapter of ASHRAE, 2001.

This Atlanta Chapter Newsletter goes by email only to all Atlanta Chapter ASHRAE members along with all other ASHRAE members in our area and anyone else who asks. If you need a change in our email list, please notify our Chapter Secretary at secretary@ashraeatlanta.org
February Lunch Meeting

Stanton Stafford, PE, NEBB RCxP, LEED AP BD+C

Stanton Stafford is the Managing Principal of Integral Group in Atlanta. Integral Group is a collection of building systems specialists committed to accelerating critical change in the built environment through the integrated design and operation of simple, elegant, cost-effective systems for high-performance buildings. Driven by this mission, Stanton is building a team in Atlanta focused on sustainable design and operations, intelligent buildings and performance engineering.

A native of Atlanta, Stanton received his Bachelor of Science in Mechanical Engineering from The University of Virginia and has spent his career designing, modeling and commissioning HVAC systems for a variety of facility types including hospitals, research laboratories and district energy plants. Stanton is a Voting Member on three ASHRAE Technical Committees where he recently led a subcommittee that rewrote the ASHRAE Handbook Chapters on Energy Use and Management and Building Energy Monitoring. Stanton also Chairs the Board of Directors of the Lifecycle Building Center of Greater Atlanta, an entrepreneurial non-profit focused on bulk waste stream diversion through building material salvage and reuse, serves on the Board of Directors of the Georgia Chapter of the United States Green Building Council and recently became a Charter Member of the University of Georgia’s Mechanical Engineering Advisory Board.

Description:

LEEDv4 – What’s in it for Engineers?

While the phaseout of LEEDv2009 may have been delayed, LEEDv4 is here to stay. UGSGB has raised the bar on what it means to be a “sustainable” building. Stanton Stafford and John McFarland will present the changes that are most relevant to engineers (mechanical, plumbing and yes even electrical). Some of the changes are pretty cool…for engineers at least.

Save the Dates!
The ASHRAE Annual Society Meeting
June 27–July 1, 2015 – Atlanta, GA
Hilton on Courtland Street

Hotlanta in June!
The Atlanta Chapter is responsible for hosting this event and we will need lots of volunteers.

There are many opportunities to help:

A. Monitors for the Sessions – we will need 150-200 volunteers for the seminars, symposiums, panels, etc. Duties would involve ½ day of checking in attendees by scanning a bar code on the badges. You get free registration for the entire show and can get your PDH points accumulated very quickly

B. We need staff for the Information table which is set up in Registration and operates the same hours. You would hand out brochures for local attractions, give directions to local restaurants and shopping, give lists of local churches and restaurants and be generally helpful to attendees.

C. Staff the ASHRAE Members Lounge. Just sit around and talk to people, let the hotel know when drinks are running low, answer questions, and be helpful.

Please send me an email if you would like to volunteer pam@leppardjohnson.com or Peggy Fritz pjf41@att.net

Scholarships Available – Apply Today!

Through its scholarships, ASHRAE seeks to motivate students and prospective students worldwide to pursue an engineering or technology career in the HVAC&R field. The Society's Scholarship Program also serves the public interest by aiding in the education of men and women to become qualified to practice as engineers in HVAC&R. ASHRAE has 28 scholarships available for the 2015-16 school year, for high school seniors entering college through senior undergraduate engineering students and engineering technology students. ASHRAE is seeking your assistance in making student members aware of this financial assistance.

* 8 regional/chapter and university-specific scholarships – $3,000 to $5,000 each. Now accepting applications!
* 12 undergraduate engineering scholarships – $3,000 to $10,000 each. Now accepting applications!
* 4 high school senior scholarships – $3,000 each
* 4 engineering technology scholarships – $5,000 each

Qualified students are encouraged to apply online:
www.ashrae.org/scholarships

Annual Application Deadlines:

December 1st for Undergraduate Engineering, Regional and University-specific Scholarships
May 1st for Engineering Technology and High School Senior Scholarships

Scholarships are awarded for the academic year following the application deadline beginning with the fall semester. For a list of available scholarships, complete eligibility requirements, and an application, visit www.ashrae.org/scholarships

January 2015

Happy New year to all of you. A new year and a new story for many and a recycling of the old and tried for many. I wish that this year brings the best that life can offer to you. In the meantime we are glad to report that we have lots and lots of work like before recession started. It’s surely feels weird to be back in such a mayhem, Lol.

As promised last month we rolled-out the “Membership Champion” campaign on the Chapter webpage: [http://www.ashraeatlanta.org/Company-Champion](http://www.ashraeatlanta.org/Company-Champion) it’s a fun concept that we are promoting to help you demonstrate your innate leadership skills within your organization. The campaign basics are posted on the webpage and will be modified to add some perks that might be cool to enjoy on your end, details to be announced on an upcoming meeting.

New Members!
Let's give a warm welcome and say hello to the following new members:

Mr. Kevin Departhy
Mr. Robert Dean Landers
Mr. Joseph Sanchez
Mr. John Robert Herring Glisson
Mr. Aaron Easterley

Thank you for being part of the Society and your support to our Local Chapter, see you back in February.

How Do I Join ASHRAE?

1. Visit http://www.ashraeatlanta.org/ to start the process
2. Click “Membership” on the horizontal menu bar
3. On the pull down menu, click “Join”
4. Enter your email address in the box “Verify your E-mail status”
5. A prospective member will then be directed to enter his or her email information. As a new member, your address will not be recognized, and you will be invited to “Register Now”.
6. After you complete registration, you will be directed to the Individual Information page where you can finally select “Join ASHRAE”!
Convenient and Useful ASHRAE Links

Again this year, our use of the Internet to further embrace our goal of Modeling a Sustainable World will be continued. Please use the web sites listed below:

1. RSVP and prepay for each event through the Atlanta ASHRAE [http://www.ashraeatlanta.org/](http://www.ashraeatlanta.org/). For events where meals are served, you must at least RSVP to ensure that there will be a meal for you. We encourage you to prepay, as this will speed your way through the check-in process.
2. Pay your Chapter dues of $40 per year directly to the chapter: [http://www.ashraeatlanta.org/Membership](http://www.ashraeatlanta.org/Membership). These dues are in addition to your Society dues and help fund the Chapter’s programs and outreach.
3. Donate to ASHRAE Research Promotion. We have a fundraising goal of $44,000 this year, so please do what you can to help fund ASHRAE research. Donate here: [http://www.ashraeatlanta.org/Default.aspx?pageId=748082](http://www.ashraeatlanta.org/Default.aspx?pageId=748082)
5. Access the Product Directory online at the Atlanta ASHRAE website. Please note that this feature is in the process of being updated.
