Fall RP Golf Tournament........................................October 26, 2016
September/October 2016

Hello from the West Coast! It has been a week of travel for me in San Francisco and Los Angeles next week for Greenbuild 2016. What I always find fascinating is that wherever you may travel, local ASHRAE members and leadership are willing to meet and discuss industry trends, share ideas and socialize. I have been in touch with the ASHRAE Golden Gate chapter leadership, which has been a great collaborative experience. I urge our members who travel to reach out to the local ASHRAE chapter and explore their events. It is important to support each other, because in the end, we are all working towards a common goal: to design efficient/healthy buildings and improve upon our existing ones. Expanding our reach as a local chapter is important as we consider the implications of our work. Each building we work on is part of a local community, which in turn is part of a city, a state, a country and most importantly makes up the world we all live in.

A big thank you to everyone that showed up to our first event this year! We had a great speaker in Tom Phoenix, past Society President, with an update on ASHRAE’s own Building EQ rating system. Equally important to designing energy efficient buildings is human health and wellness. The purpose of a high performance building design is to ultimately accommodate people. We spend on average 90% of our time indoors! ASHRAE has been at the forefront of air quality and thermal comfort. The new WELL standard is now taking this a step further with on-site air and water quality measurements and verification. What is the true quality of air that we breath in every day? What contaminates are found in our local water sources and is there adequate filtration? This month, we are collaborating with the local USGBC Georgia chapter to bring you an overview of the WELL standard by Charlie Chicetti. Charlie has been a big advocate of sustainability and has a unique perspective to illustrate the importance of wellness and how future building designs will adapt to incorporate new features such as circadian lighting, carbon filters and more.

Also in the horizon is our Fall Golf Tournament coming up October 26th! Don’t miss out as we return to River Pines Golf Club in Johns Creek for another exciting golf tournament. Following our theme of collaboration, don’t miss out our first joint social mixer between young professionals from both ASHRAE and AIA at Cooper Carry on October 25th. With integrated design being a significant factor in the next generation of high efficiency and net-zero buildings, it is important to network with local architects and other professionals in our industry.

This Atlanta Chapter Newsletter goes by email only to all Atlanta Chapter ASHRAE members along with all other ASHRAE members in our area and anyone else who asks. If you need a change in our email list, please notify our Chapter Secretary at secretary@ashraeatlanta.org.
I look forward to seeing everyone for lunch at our next monthly meeting on October 11, 2016 at ASHRAE HQ! We will also be providing a technical session for those that are looking for a deeper dive into the WELL standard with study tips for the WELL AP. Thank you for your continued support and always know that you can reach out to myself or anyone on the board with any questions or concerns. We are here to serve our membership and hopefully continue to bring topics that interest you.

Nick Kassanis
Atlanta Chapter President 2016-2017
president@ashraeatlanta.org

October Chapter Meeting Notice

Tuesday, October 11, 2016 at 11.30 am

How Do We Measure WELLness? Introduction to the WELL Building Standard

Health and wellness are new and important dimensions to high performance building design. The WELL Building Standard is grounded in the understanding that mindful design can avoid the most harmful human health risks from prolonged exposure to indoor environments and the associated conveniences of modern society. The WELL Accredited Professional (AP) designation completes a building designer or manager’s understanding of how buildings can influence health.

October Lunch Meeting

Charlie Cichetti, CEO & Co-Founder WELL AP, LEED AP BD+C, ID+C, O+M, ND, Homes

Charlie is proud to be one of the leaders in the green building industry. He has built a career around green building services, and led two companies that hold sustainability leadership as core values—Sustainable Investment Group (SIG) and Green Building Education Services (GBES.com). Both companies allow Charlie the opportunity to put his high-level LEED expertise and accreditation to work.

Charlie has led many green building projects (over 50 Million SF of LEED/ENERGY STAR/Cx-RCx) to LEED Gold, and even a few to the highest mark: Platinum.

Charlie has facilitated online and in-person training sessions that have helped tens of thousands of professionals obtain LEED accreditation. Charlie is a master trainer on sustainability topics, an ENERGY STAR Expert, and a LEED Accredited Professional.

Quite simply, Charlie is invested in the success of the green building industry. He believes in it and enjoys working with people and buildings around the world to create the highest level of sustainability.
September Lunch Meeting Details

Date: Tuesday October 11, 2016 @ 11:30 AM

Speaker: Charlie Cichetti

Location: ASHRAE Headquarters, 1791 Tullie Circle NE, Atlanta, GA 30329

Cost: $10.00 Members / $20.00 Non Members

Lunch would be provided at the meeting.

You MUST RSVP if you plan to attend the meeting. Please email secretary@ashraeatlanta.org. Also, you can prepay and RSVP at http://www.ashraeatlanta.org/Events. This helps the chapter accurately order food from the catering company.

Joining Us in Macon?

Date: Tuesday October 11, 2016 @ 11:30 AM

Speaker: Webinar, Charlie Cichetti

Location: Mingle Dorffs

RSVP: ccalloway@aerco.com or at http://www.ashraeatlanta.org/Events. Please register for the Macon event

Lunch would be provided at the meeting.

1-Hour WELL AP Study Session

- Overview of each of the 7 Concepts (Air, Water, Nourishment, Light, Fitness, Comfort, & Mind) and level of detail for the questions on the exam
- Differences Between Preconditions v Optimizations (and examples of how they are worded on the exam)
- Memorization Techniques for Key Exam Info
- Key Health Statistics That Will Show Up on Your Exam
- Practice Questions Together As A Group
- Counts for 1 hour of general LEED CE
Climate Change

Two events occurred in September that could have impacts on how we handle Climate Change in the future. First was the G-20 Summit in Hangzhou, China. President Obama and President Xi formally joined the landmark Paris Agreement that requires nearly every country to commit to lowering planet-warming greenhouse gas emissions to help address issues with climate change. Link to an article below:

http://www.reuters.com/article/us-china-climatechange-idUSKCN11901W

The other event that could have similar impact is a Presidential Memorandum issued by President Obama. This Presidential Memorandum requiring the federal government to fully consider the impacts of climate change in the development and implementation of all national security policies and plans. First, the President’s memorandum directs 20 agencies from across the government to establish a dedicated working group to identify the U.S. national security priorities related to climate change. Second, it instructs these agencies to develop a Climate Change and National Security Action Plan outlining how they’ll develop and share information on these risks. Third, it directs each agency to develop strategies to address climate-related threats, from impacts on our economy to our food security and also to the flow of migrants and refugees. The system this memorandum puts into place will ensure that data and insights from climate science become a meaningful component of national security policymaking. Here is a link to the article with more information:

As President Obama's term comes to an end I would expect to see more action taken around Climate Change. The local Atlanta ASHRAE Chapter will do it’s best to keep our members up to date as these changes occur.

John Pruitt
Grassroots and Government Activities Chair, Atlanta Chapter
johndpruitt@hotmail.com

This Atlanta Chapter Newsletter goes by email only to all Atlanta Chapter ASHRAE members along with all other ASHRAE members in our area and anyone else who asks. If you need a change in our email list, please notify our Chapter Secretary at secretary@ashraeatlanta.org
YEA / AIA Young Professionals Joint Business Development Mixer!

- We are very excited to announce our first ever joint YEA/AIA Young professionals event. This will be a happy hour and business development session with our AIA counterparts.
- This is a great networking opportunity and the first joint event of many to come with other local young professional groups.
- Business Development is increasingly important as Design Professionals evolve in their careers. Join SMPS Atlanta to learn more about Business Development, how to manage those non-billable tasks with project demands and how to work with your firm’s business development group to expand your firm’s clientele and advance your career.
- The Society for Marketing Professional Services (SMPS) is a community of marketing and business development professionals working to secure profitable business relationships for their A/E/C companies. Through networking, business intelligence, and research, SMPS members gain a competitive advantage in positioning their firms successfully in the marketplace. SMPS offers members professional development, leadership opportunities, and marketing resources to advance their careers.
- When: Tuesday, October 25
- Time: 6:00 PM
- Where: Cooper Carry Offices (191 Peachtree St #2400)

Atlanta Chapter Habitat Build

- The Atlanta ASHRAE Chapter will be sponsoring another Habitat Build day this year, since last year was so successful!
- There is a max number of 10 people for the build day, so first come, first served.
- Where: TBD
- When: October/November
- Cost: Free

YEA Leadership Weekend Scholarship

- YEA Leadership Weekend is an opportunity for the future leaders of ASHRAE to learn more about Society, develop soft skills and network with other young professionals. This event will include segments on understanding your own personality as well as other types, leadership development for young professionals, communication techniques and ASHRAE leadership opportunities. Region IV will cover the enrollment fee and up to $300 travel of the scholarship recipient.
- Program Date/Location: Charlotte, NC from November 4-6, 2016
- YEA members who are not awarded the scholarship are still able to attend. Registration is $400 (which includes accommodations, meals, and all supplies). The registration form and more information can be found at www.ashrae.org/YLW
- Contact Parker Brunelle (pbrunelle@joepowell.com) for more information
Leadership U

- Have you ever wondered what ASHRAE Officers do at the ASHRAE Winter & Annual Conferences? Here is your chance to find out! Through Leadership U (offered by the YEA Institute), a handful of YEA members are selected for each conference to be matched up with Society Officers and participate in all of their events and board meetings, including social activities. Leadership U not only allows you to experience a conference like an Officer, but it is also a great opportunity to network and form connections with those active in ASHRAE.

- If selected to participate in the program, the costs of attending the conference (transportation, lodging and registration) will be covered by ASHRAE Society. Transportation includes the cost of your flight or gas mileage, your hotel room will be covered for a check in on Friday, January 27, 2017 and check out on Thursday, February 2, 2017, and you will be registered for the conference and three social events (Welcome Party, President’s Luncheon, Members Night Out). Expenses not covered by the program include baggage fees, parking, taxis/public transportation, and food.

- Criteria Applicants must be YEA members (35 or younger)
- Deadline: The deadline for applications in Monday, October 17, 2016.
- Program Date/Location: Las Vegas. Jan 27-Feb 2 2017

ASHRAE Technical Committees

- ASHRAE Technical Committees are not just for design managers! If you are interested in getting involved in a TC committee to learn more about this industry and help shape the future ASHRAE guidelines, they are looking for YEA members.

- Please contact Parker Brunelle (pbrunelle@joepowell.com) for more information on how to get involved.

Parker Brunelle
YEA Chair, Atlanta Chapter
pbrunelle@joepowell.com

This Atlanta Chapter Newsletter goes by email only to all Atlanta Chapter ASHRAE members along with all other ASHRAE members in our area and anyone else who asks. If you need a change in our email list, please notify our Chapter Secretary at secretary@ashraeatlanta.org.
Well the hot weather season is getting over and now we get the cool breeze of Autumn. Summer was great for the chapter with 29 new members, 6 new students, and 10 people transferring into the chapter. We welcome all of you and hope that you find the chapter as rewarding as we have.

This is the best time to think about your future and our benefits are ready to get you to the next level. Now, take advantage of benefits such as networking, technical meetings, books, social activities, golf outing, etc...

Here's a great tool at your hand to make the most out of this chosen field?

- Looking for a job?  
  Then go here: http://www.ashraeatlanta.org/JobOpportunities •

- Need technical support from peers?  
  Then go here: https://www.ashraexchange.org/forum.php?s=9d7bd3261c091332a077ea4b186b6852 •

- Need to know about our government affairs towards the HVAC industry?  
  Then go here: https://www.ashrae.org/government-affairs/grassroots-government-activities

Our membership is rock solid and growing. I welcome your feedback, so send me an e-mail about any help that you might need with your membership to keep you on right track.

Now, let's extend a warm welcome to the following new members:

Mr Robert E Childs  Mr Ali Moghaddas  Mr Rob Kaercher III
Mr Larry L Hoover  Mr Augusto Jose Pereira Zimmermann  Mr John R Hawkins
Mr Joseph M Husted  Mrs Lorry C Alexander  Mrs Danna Lopez Richey
Mr Matthew Bodine  Mr Suyash Shrikant Vidwans  Mr Brandon Toombs
Mr Sean Smith  Mrs Veronika Crumpler  Mr Douglas Andrew Hofmockel Eng
Mr Robert Ramsay  Mr Malcolm T Butler  Mr Jonathan H Richey
Mr James Douglas Allie  Mr Robert Timothy Uzar  Mr Son Van Tran
Mr Jordan Kyle Halford

Ok, back to work. See you in October!

Sincerely,

Brendan Gardes
MP Chair, Atlanta Chapter

Calling All Pieces of History!

They say that you can’t know where you are going until you know where you have been. With that in mind, let’s ensure our chapter history helps build a brighter and better future for ourselves. In an effort to preserve our chapter history, we will be consolidating historical items into a central storage site. If you have anything from our history, whether it be signs, old pictures, plaques, banners, the two roll up banners listing past presidents, etc... please contact Robert Lontoc (rlontoc@newcomb-boyd.com) or Peggy Fritz (pjf41@att.net) Thank you in advance for all of your help!

Congradulations Benny Bootle Scholarship Recipient

Region IV Benny Bootle Scholarship: Robert Cosby, Mechanical Engineering, Georgia Institute of Technology. The scholarship is named for a former Region IV chair and regional director on the ASHRAE Board of Directors.

Arthur Mason Suggs Money Bags Award

Arthur Mason Suggs was born in the small town of Spencer, North Carolina and raised in Clover, South Carolina where he was educated in the public school system. His education was delayed by service in the Army Air Corps in World War II where part of Art’s time was spent at Shaw Air Force Base in Sumter, South Carolina after the war was over. Art attended Clemson College where he received a Bachelor of Science in Mechanical Engineering. The Trane Company office in Greenville provided the first taste of employment and later he left to go to Columbia, South Carolina to establish a sub office. Trane Company was fortunate to have a man of the caliber of Art Suggs. Over the years he conducted his business with an honesty and integrity that few have managed. Dave Mangan, the Climatic/Carrier representative, remembers Art as a very good friend since the early 1950’s. “Art had an ability to compete with you while still maintaining your friendship,” said Dave. Ed McMurray, a mechanical contractor also remembers Art was able to forsake the “dog eat dog” of the business world and take time off to have fun.

ASHRAE and its forerunner AHVAE were a very important part of Art’s life. According to Harry McDowell with W.O. Blackstone, Art made a practice of inviting every new sales person to participate in ASHRAE. They attended each and every meeting and served as Chapter President 1964/5.

Art passed away August 26, 1992 at the age of 67. Region IV renamed the Money Bags Award for Research Promotion to the Arthur Suggs Money Bags Award shortly after his death.

ASHRAE HVAC Design Training

2 Courses, 5 Days of Intense Instruction

Atlanta ● Halifax ● Hong Kong ● Houston
Kuala Lumpur ● Miami ● Minneapolis ● Vancouver

HVAC Design: Level I – Essentials - Registration is $1,264 ($1,009 ASHRAE Member)
ASHRAE’s HVAC Design: Level I — Essentials provides intensive, practical training for HVAC designers and others involved in the delivery of HVAC services. In three days, gain practical skills and knowledge in designing, installing and maintaining HVAC systems that can be put to immediate use.

- Fundamentals
- Heating/Cooling Load Calculation
- System Selections
- HVAC System and Components
- Cooling System
- Basic Design of Hydronic Systems
- Basic Design of Air Systems
- Control/BAS

HVAC Design: Level II – Applications - Registration is $854 ($699 ASHRAE Member)
ASHRAE’s HVAC Design: Level II — Applications provides advanced instruction on HVAC system designs for experienced HVAC designers and those who complete the HVAC Design: Level I — Essentials training. In two days, gain an in-depth look into Standards 55, 62.1, 90.1, 189.1 and the Advanced Energy Design Guides. Training will focus on a range of topics including: HVAC equipment and systems, energy modeling, designing a chiller plant, and BAS controls.

- Sustainability / Green/LEED / HPB / NZEB
- Standard 55
- Standard 62.1
- Building Systems: Education Facility
- System Applications: Chiller/Boiler, Air Handlers, VAV Terminals

Visit www.ashrae.org/hvactraining to register.

Scholarships Available - Apply Today!

Through its scholarships, ASHRAE seeks to motivate students and prospective students worldwide to pursue an engineering or technology career in the HVAC&R field. The Society’s Scholarship Program also serves the public interest by aiding in the education of men and women to become qualified to practice as engineers in HVAC&R. ASHRAE has 28 scholarships available for the 2015-16 school year, for high school seniors entering college through senior undergraduate engineering students and engineering technology students. ASHRAE is seeking your assistance in making student members aware of this financial assistance.

* 8 regional/chapter and university-specific scholarships — $3,000 to $5,000 each. Now accepting applications!
* 12 undergraduate engineering scholarships — $3,000 to $10,000 each. Now accepting applications!
* 4 high school senior scholarships — $3,000 each
* 4 engineering technology scholarships — $5,000 each

Qualified students are encouraged to apply online:

www.ashrae.org/scholarships

Annual Application Deadlines:

May 1st for Engineering Technology and High School Senior Scholarships

Scholarships are awarded for the academic year following the application deadline beginning with the fall semester. For a list of available scholarships, complete eligibility requirements, and an application, visit www.ashrae.org/scholarships
Are you missing out?

Don’t miss out on the latest ASHRAE publications! For more information, visit the Resources and Publications page: www.ashrae.org/resources--publications

How to Join ASHRAE

How Do I Join ASHRAE?

1. Visit http://www.ashraeatlanta.org/ to start the process
2. Click “Membership” on the horizontal menu bar
3. On the pull down menu, click “Join”
4. Enter your email address in the box “Verify your E-mail status”
5. A prospective member will then be directed to enter his or her email information. As a new member, your address will not be recognized, and you will be invited to “Register Now”.
6. After you complete registration, you will be directed to the Individual Information page where you can finally select “Join ASHRAE”!

This Atlanta Chapter Newsletter goes by email only to all Atlanta Chapter ASHRAE members along with all other ASHRAE members in our area and anyone else who asks. If you need a change in our email list, please notify our Chapter Secretary at secretary@ashraeatlanta.org.
Convenient and Useful ASHRAE Links

Again this year, our use of the Internet to further embrace our goal of Modeling a Sustainable World will be continued. Please use the web sites listed below:

1. RSVP and prepay for each event through the Atlanta ASHRAE http://www.ashraeatlanta.org/. For events where meals are served, you must at least RSVP to ensure that there will be a meal for you. We encourage you to prepay, as this will speed your way through the check-in process.
2. Pay your Chapter dues of $40 per year directly to the chapter: http://www.ashraeatlanta.org/Membership. These dues are in addition to your Society dues and help fund the Chapter’s programs and outreach.
3. Donate to ASHRAE Research Promotion. We have a fundraising goal of $44,000 this year, so please do what you can to help fund ASHRAE research. Donate here: https://xp20.ashrae.org/secure/researchpromotion/rp.html
4. Join the “ASHRAE Atlanta Chapter” group on LinkedIn at http://www.linkedin.com/
5. Like the “ASHRAE Atlanta Chapter” page on FaceBook at: https://www.facebook.com/ASHRAEAtlanta/
6. Access the Product Directory online at the Atlanta ASHRAE website. Please note that this feature is in the process of being updated.
2015-2016 Chapter Officers

Megan Tosh – Vice President
vicepresident@ashraeatlanta.org

Megan is currently a Software Support Engineer at Integrated Environmental Solutions (IES). She provides software training and technical support to users throughout North America. Megan completed her Bachelors and Masters of Mechanical Engineering at the University of Central Florida, where she joined ASHRAE as a Student Member. She has been volunteering with ASHRAE since, previously serving in several chapter chair positions, as President of the Central Florida Chapter, as YRC in Region XII, and as Chair of Young Engineers in ASHRAE. In addition to being your Treasurer, Megan is currently the RVC for Student Activities in Region IV.

Sarah Young – Treasurer
treasurer@ashraeatlanta.org

Sarah is currently a Mechanical Engineer Consultant at DLB Associates where she is part of the design, commissioning and MSI teams. Sarah is a graduate of Grove City College with a Bachelor of Science in Mechanical Engineering. She has been volunteering with ASHRAE for several years, and was the YEA Chair (2 years) and CTTC (Programs) Chair (1 year).

Irvin Sierra – Secretary
secretary@ashraeatlanta.org

Irvin is currently a Commercial Engineer Manager with Lennox Industries for the greater Atlanta area. He received his Bachelor of Science degree in Mechanical Engineering Technology from Wentworth Institute of Technology in Boston, MA. Irvin started his career in HVAC as a consulting engineer and moved into HVAC sales in 2003. He relocated to Atlanta with his family in 2005 and has been a volunteer with ASHRAE for several years and organized the ASHRAE Atlanta Trade Show (2 years). He has held positions of Communications Chair, Student Activities Chair and is currently the Chapter Secretary.

This Atlanta Chapter Newsletter goes by email only to all Atlanta Chapter ASHRAE members along with all other ASHRAE members in our area and anyone else who asks. If you need a change in our email list, please notify our Chapter Secretary at secretary@ashraeatlanta.org.
Browse Job Postings on Our Site

Did you know employers can post job opportunities on the Atlanta Chapter website for FREE?

As the professional society that serves as the major connection through all parts of the HVAC industry, it is important to the Atlanta ASHRAE Chapter to keep all members employed. Likewise, we are happy to assist employers in posting their job

Go to the following page on our site to browse the posted employment opportunities: [http://ashraeatlanta.org/JobOpportunities](http://ashraeatlanta.org/JobOpportunities)

The most recent job posting:

- US EPA Region 4 office in downtown Atlanta expects to make a new hire in the next six months for a person willing to learn Indoor Air Quality as well as Energy Star. Engineering degree preferred, especially 2015 or 2016 graduate. For more information, please contact Henry Slack, slack.henry@epa.gov
Amber Scales, our Communications Chair invites you to connect with the ASHRAE Atlanta Chapter on networking social media
